

# THE GROVE SPA

& BOUTIQUE

## Brow and Lash Pre-Treatment

Please review and follow our pre-treatment care plan. Failure to do so could result in cancellation of your treatment and forfeiture of your deposit.

### Brow Pre Treatment: Before

- Do not exfoliate for at least 48 hours before your appointment.
- Avoid tweezing or shaving the brows before or after your appointment, if you have recently done so, wait 2-4 weeks before booking a wax
- Refrain from the use of retinols, aha/bhas, glycolic or salicylic acid or any other form of topical chemical exfoliants for at least 2 weeks before your waxing appointment
- Do not trim or pre-shape your eyebrows before your appointment, the fuller they are the better your wax will turn out
- Do not book a waxing service for at least 10 days after a facial including any form of exfoliation
- Bring picture examples of your desired brows if you want!

### Lash Pre Treatment: Before

- Do not wear mascara to your appointment
- If your lashes are short, we recommend using a lash growth serum for 4-6 weeks prior
