PRX Derm Perfexion® Post-Care Treatment

We know you'll love your new skin! Follow this care plan closely in order to see the best results.

Pre Treatment: 3 Weeks

- No lip filler, facial filler or PRP injectables for 3 weeks prior to treatment

Pre Treatment: 1-7 Days

- Do not use any other product during your course of treatment in the areas that have
- been treated.
- Gentle cleanser, SPF and makeup is acceptable.
- You may resume your regular skincare regimen 7 days after your last PRX session.

Face/Neck/Chest: Day 1

- Apply a generous amount of provided Moisturizing Face Cream at night or earlier to help with dryness. The amount should be a fingerprint size (not a pea size) and be massaged into the skin until absorbed.

Face/Neck/Chest: Day 2 and Beyond

- AM: Apply provided *Moisturizing Face Cream*. Apply mineral SPF 30+.
- PM: Apply provided *Facial Smoothing Fluid*, wait 30 minutes and apply provided *Moisturizing Face Cream*.
- Provided *Moisturizing Face Cream* may be applied several times a day to keep skin well moisturized.

PRX Derm Perfexion® Post-Care Treatment Continued

Body: Day 2 and Beyond

- Apply provided Smoothing and Moisturizing Body Cream once a day, every day.

Possible Side Effects

- Mild flaking and dryness: This can occur after the first session and may last 2-3 days. Apply provided Moisturizing Face Cream several times a day for relief.
- Appearance of darker patches in the two days following application: These are thicker areas of skin drying up and will disappear through natural exfoliation in a few days.
- Please contact us if you experience any uncommon side effects.
