

THE GROVE SPA

& BOUTIQUE

Sculptra® Pre-Treatment

Please review and follow our pre-treatment care plan. Failure to do so could result in cancellation of your treatment and forfeiture of your deposit. This service can not be performed on anyone who is pregnant, nursing or has a compromised immune system.

1 Week Before:

- Avoid the use of Aspirin, NSAIDs, ginkgo biloba, garlic supplements, green tea, flax oil, cod liver oil, and vitamins A and E, as they will increase your risk of bruising.
- If you have a history of cold sores, please be sure to pre-treat with an anti-viral.

3 Days Before:

- Do not apply tretinoin/Retin-A, glycolic acid, benzoyl peroxide, or hydroquinone).

24 Hours Before:

- Avoid alcohol.

Contraindications:

- Patients with known hypersensitivity to lidocaine or amide local anesthetic agents, hyaluronic acid, or a history of severe allergy or anaphylactic shock.
- Cutaneous disorders, inflammation, or an infection at or near the treatment site.
- In combination with chemical peels or laser treatments.
- Patients with autoimmune diseases.
