Gold Infusion Pre-Treatment

Please review and follow our pre-treatment care plan. Failure to do so could result in cancellation of your treatment and forfeiture of your deposit. This service can not be performed on anyone who is pregnant or nursing.

Pre Treatment: 2 Weeks

- No area to be treated should receive any type of chemical peel for 2 weeks before or after treatment.
- Waxing and/or use of chemical depilatories must be avoided for 2 weeks prior and after treatment.

Pre Treatment: 1 Week

- Retin-A, Renova, and Tazorac must not be used for 1 week before treatment.
- Sun exposure and/or usage of a tanning bed, including self-tanning products, must be avoided for a minimum of 24 hours before and after the treatment – preferably 1 week before treatment.
- Area to be treated must be clean and free of any lotion, makeup, and sunscreen. These must be completely washed off prior to treatment.
- If you have a history of cold sores, please be sure to pre-treat with an anti-viral.
- Avoidance of laser procedures and waxing for the past 7 days is required.

Pre Treatment: 24 Hours

- Shaving is allowed immediately before treatment as long as there is no skin irritation.
- Discontinue topical retinoids 24 hours before treatment to reduce sensitivity.
- Schedule your appointment at least 24 hours prior to a special event. Redness and sensitivity may be apparent in that time period.
